

# VIEWING A MARKED ASSIGNMENT

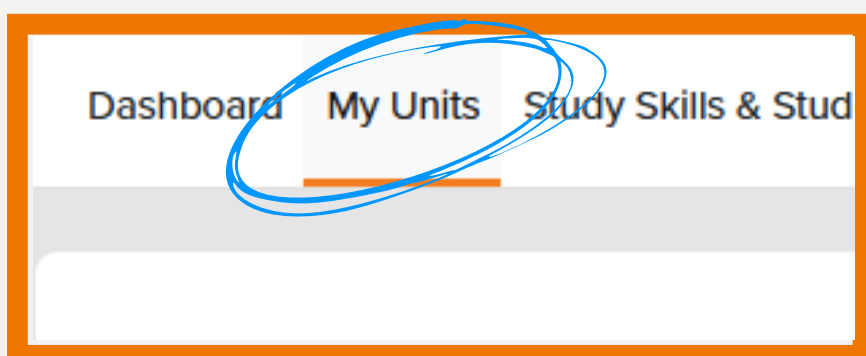

## Step One

Log into Morling Online ([www.morlingonline.edu.au](http://www.morlingonline.edu.au)) with your username and password.

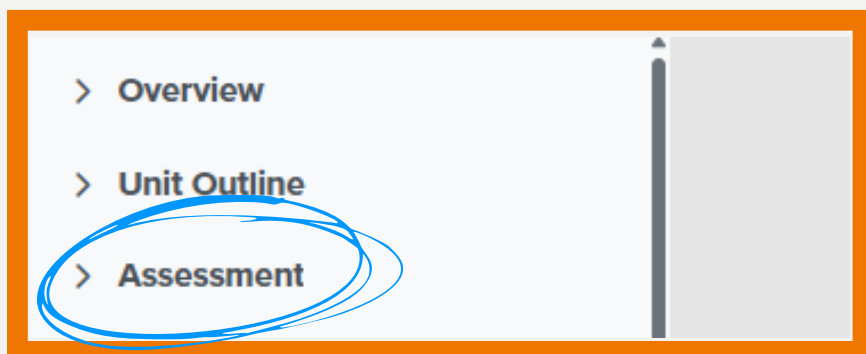

## Step Two

Open the unit, via the "My Units" page.

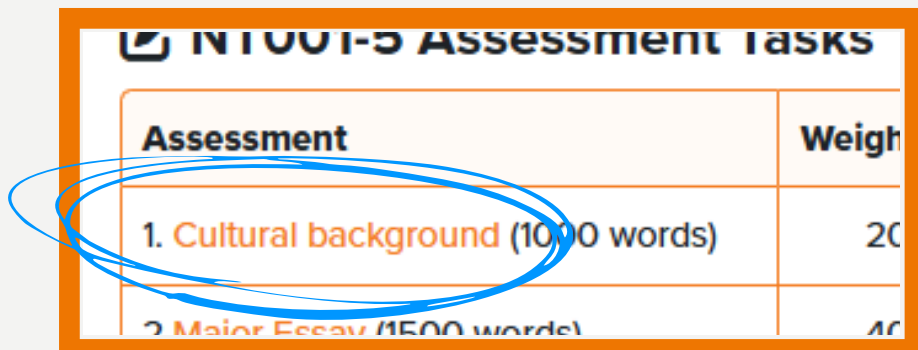

## Step Three

On the left-hand side Course Index, select the "Assessment" tab.

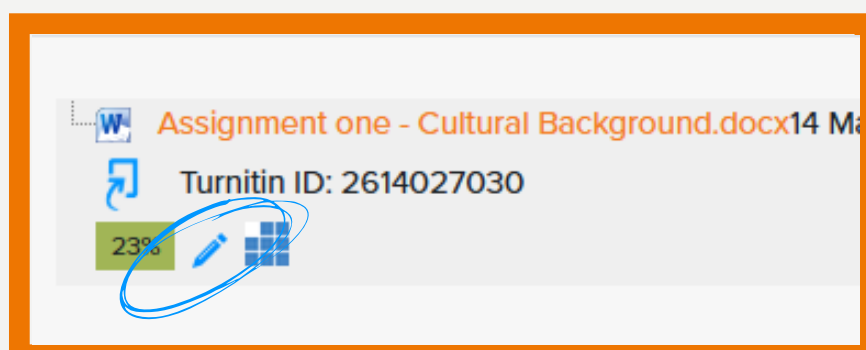

## Step Four

Scroll down and select the assessment you wish to view feedback for.

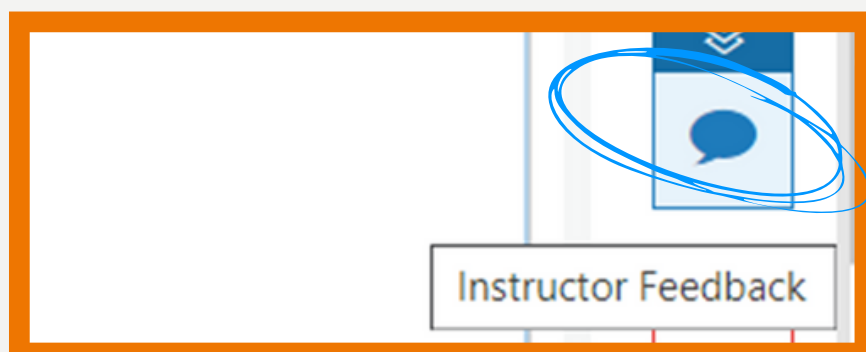

## Step Five

Click on the pencil icon next to the similarity percentage.

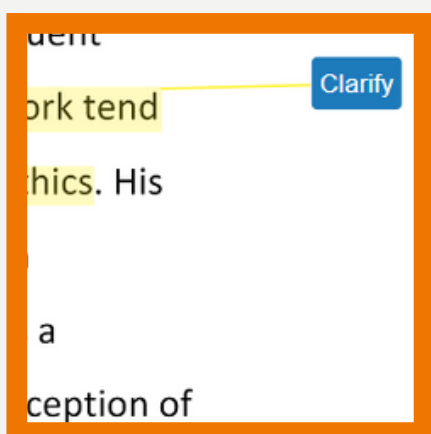

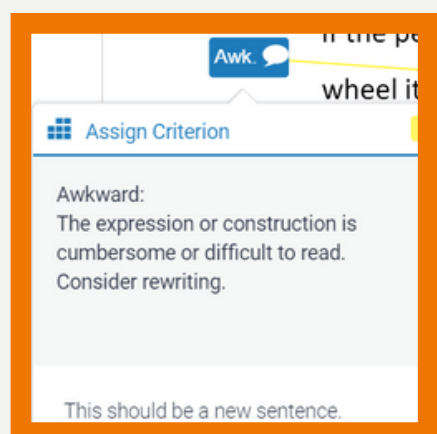

## Step Six

A new tab will open with your assessment. Click on "Instructor Feedback" on the right to open up options for viewing teacher comments.

The comments look like this: (clicking the blue bubbles will bring up the comments)

## Step Seven

To download the marked assessment, click on the download icon at the bottom right hand corner.

The feedback provided by your lecturers is there to help you **grow** and to **learn**, so it is well worth reading through all the comments and reflecting on the feedback. Think about how your assessment could improve and then put it into action in your next assessment.

If you have any questions about your assessments, remember that Morling has an **Academic Tutor** who you can talk to. Details can be found on Morling Online under the "Study Skills & Student Support" tab.

If you are having difficulties with Turnitin or Morling Online, contact the Online team at [online@morling.edu.au](mailto:online@morling.edu.au)
